

Advanced Indoor Video Door Phone Station with 3 Auxiliary Video/CCTV Inputs

The COR-V604 is an advanced indoor video door phone station designed for use with one or two outdoor doorbell/camera units. Users can see who is ringing the doorbell and talk with them, and control the door or gate lock associated with the calling unit. It can also connect to up to three (3) additional video inputs or CCTV cameras for added protection. It has a full color TFT LCD screen for sharp and responsive color video display. Easy to clean, designer black acrylic construction. Built-in speaker and microphone for two-way communication. Easy to reach soft touch-panel style controls on the front of the unit.
